## PRESIDENT'S REPORT.

*To the Board of Trustees of St. Luke's Hospital:*

I beg to submit herewith my report for a period of fifteen months, which includes the three months necessary to bring the report up to the end of the new fiscal year, December 31st.

It is a pleasant duty to make public acknowledgment of the receipt of a most generous gift from Mr. Hobart W. Williams of real estate at 19, 21, 23, and 25 South Water Street, valued at \$180,000 as an endowment, the income from which is to be applied to the current expenses of operating the Hospital. This increase in income comes at a most opportune time, when we were feeling most acutely the pressure of the very great increase in the cost of practically everything used in the Institution.

The Kirkwood Building was completed February 1st, and was immediately opened for patients. The present arrangements accommodate sixty children and forty-two women. The basement affords space for the laundry, which will be ample for the needs of the Hospital for a long time to come.

The addition of this Building does not, however, qualify in any degree what I have said in previous reports relative to the urgent and imperative necessity for a new structure to replace the old buildings on Indiana Avenue. As time passes the condition becomes more and more aggravated, and it would be impossible to present the matter in too strong terms.

The problem of increased costs, which have been so prominently before the public during the past year, probably presents as many perplexities in Hospital

management as in any line of endeavor. Labor is scarce and costly, and we are obliged under present conditions to accept a quality and general conditions in the work of the Institution, which would have been regarded as altogether intolerable in the past.

Nearly every commodity which we use has increased enormously in cost. This is especially true of food stuffs of nearly every kind. In commercial enterprises it is usually possible to pass increased costs along to the ultimate consumer, but with hospitals this is possible only in a small degree. We may therefore expect the next year to present some difficulties in making ends meet. The condition described is probably more or less transient, and I do not apprehend anything more than temporary trouble from the present situation.

We all profoundly regret, myself more in particular, the loss of our most proficient Superintendent, Mr. Louis B. Curtis who resigned in October to accept the Presidency of a large business corporation, in which we wish him every success. The loss of his able management is somewhat compensated by the fact that we have his wise counsel and cooperation as a member of our Board.

Mr. John L. Meigs, who has been appointed Superintendent has served under Mr. Curtis for the past eight years and has occupied the position of Assistant Superintendent for six years. Under such able guidance as very few men can boast of it goes without saying that he is well equipped and experienced in the arduous duties of the position and will, I predict, fully justify the confidence of the Board of Trustees.

Mrs. Jessie L. Macdonald, R. N., who has been appointed as Directress of the Training School for Nurses, is a graduate of our School. She is most admirably adapted to fill that position and with her unusual ability will make a valuable addition to our staff.

A number of minor changes in the subordinate offi-

cers of the School have also been made which have produced gratifying results.

We desire to express our grateful thanks to the Woman's Board and its Committees for their faithful work and substantial assistance in the operation of the institution.

For the efficient services rendered by officers in the several departments and all persons employed under their direction I desire to express my keen appreciation, as also for the interest shown by all connected with the Hospital, and especially for the able management of our Superintendent.

WILLIAM J. BRYSON,  
President.

## SUPERINTENDENT'S REPORT.

*To the Board of Trustees of St. Luke's Hospital:*

I beg to submit herewith a report for the fifteen months ending December 31st. Owing to the change in our fiscal year it will be necessary to consider the additional three months when referring to the various reports which follow.

As a matter of comparison, however, it might be well to mention that for the twelve months ending September 30th, 1916, there was an increase of 18% in the number of patients treated, and the total number of persons cared for during this period was 10,165. This increase is accountable for, in large part, by the opening of the Kirkwood Building, but even with this addition our capacity has been taxed to the utmost.

Owing to the increased cost of almost all supplies, we were compelled to raise the rates on some of the private rooms in the Smith Building, but no change has been made in the charge for ward accommodation.

It was found necessary to take one more apartment in the Saranac to be used as a dormitory for nurses, which, of course, reduced the income from real estate; this makes a total of thirteen apartments used for this purpose.

During the year, Ward 4K has been remodeled and equipped for Eye and Ear work; this fills a long felt want of this Department. Ward 5K has been added to the Internes quarters; which permits the housing of the entire force in the Hospital, this is an advantage, as, for the past three years, owing to lack of space, some of the men have been compelled to live in near-by buildings.

The Examining Room has been placed in charge of a salaried physician, who assumes full charge of all examinations.

JOHN L. MEIGS,  
*Superintendent.*

## REPORT OF CHAPLAIN.

*To the Board of Trustees, St. Luke's Hospital, Chicago:*

GENTLEMEN:—A report of my work during the past year offers no features remarkably different to those of other years. The daily chapel services have been maintained as usual, also services in the open wards as occasion offered.

A large part of my time has been devoted to visiting patients throughout the hospital, supplementing the work of the physician and surgeon by words of cheer, spiritual ministrations and distributing helpful literature.

The matter of a new chapel to comport in dignity with the Smith Memorial and proposed new buildings has engaged much of my prayerful thought, and I am very hopeful that it may take the form of a memorial supplying our needs for chapel, library and auditorium for years to come.

During the year I have administered baptism to twenty-three, presented one person for confirmation, and officiated at three marriages and seventeen funerals.

We are gratefully thankful to the members of the Alumnae Association for the beautiful tabernacle added to the chapel altar in memory of Miss Daisy Dean. This enables us to have the Blessed Sacrament ever ready for an emergency.

On behalf of the patients, I desire to express thanks to our friends for generous donations of books and periodicals for the library, and especially to the one who has made provision for much appreciated musical entertainment in the open wards.

Respectfully submitted,

GEORGE DEMING WRIGHT,

*Chaplain.*

### REPORT OF THE PRESIDENT.

I take pleasure in submitting herewith the Annual Report of the Woman's Board of St. Luke's Hospital. The work accomplished by the different Committees has been most satisfactory. The work of the Social Service Committee which was only formed during the year has been greater than anticipated. The Lenten Sewing Class was more successful than at any previous time.

The members of the Board have by their kind co-operation made the year's work of the Board very active.

Respectfully submitted,

MARIE CRERAR,

*President.*
